Disclaimer

The information contained in the Document is for general information purposes only.

The Company assumes no responsibility for errors or omissions in the contents of the Document.

In no event shall the Company be liable for any special, direct, indirect, consequential, or incidental damages or any damages whatsoever, whether in an action of contract, negligence, or other torts, arising out of or in connection with the use of the contents of the Document. The Company reserves the right to make additions, deletions, or modifications to the contents in the Document at any time without prior notice.

Errors and Omissions Disclaimer

The information given by the Document is for general guidance on matters of interest only. Therefore, errors can occur even if the Company takes every precaution to ensure that the Document's content is current and accurate. Plus, given the changing nature of laws, rules, and regulations, there may be delays, omissions, or inaccuracies in the information contained in the Document.

The Company is not responsible for any errors or omissions, or for the results obtained from the use of this information.

Fair Use Disclaimer

The Company may use copyrighted material that the copyright owner has not explicitly authorized. The Company is making such material available for criticism, comment, news reporting, teaching, scholarship, or research.

The Company believes this constitutes a "fair use" of any such copyrighted material as provided for in section 107 of the United States Copyright law.

If You wish to use copyrighted material from the Document for your own purposes that go beyond fair use, You must obtain permission from the copyright owner.

"Use at Your Own Risk" Disclaimer

All information in the Document is provided "as is", with no guarantee of completeness, accuracy, timeliness or of the results obtained from the use of this information, and without warranty of any kind, express or implied, including, but not limited to warranties of performance, merchantability and fitness for a particular purpose.

The Company will not be liable to You or anyone else for any decision made or action taken in reliance on the information given by the Service or for any consequential, special or similar damages, even if advised of the possibility of such damages.

Installation 5

Terms 12

This article describes how to install a Vitextra product in a SharePoint on-premises environment using the product installation wizard.

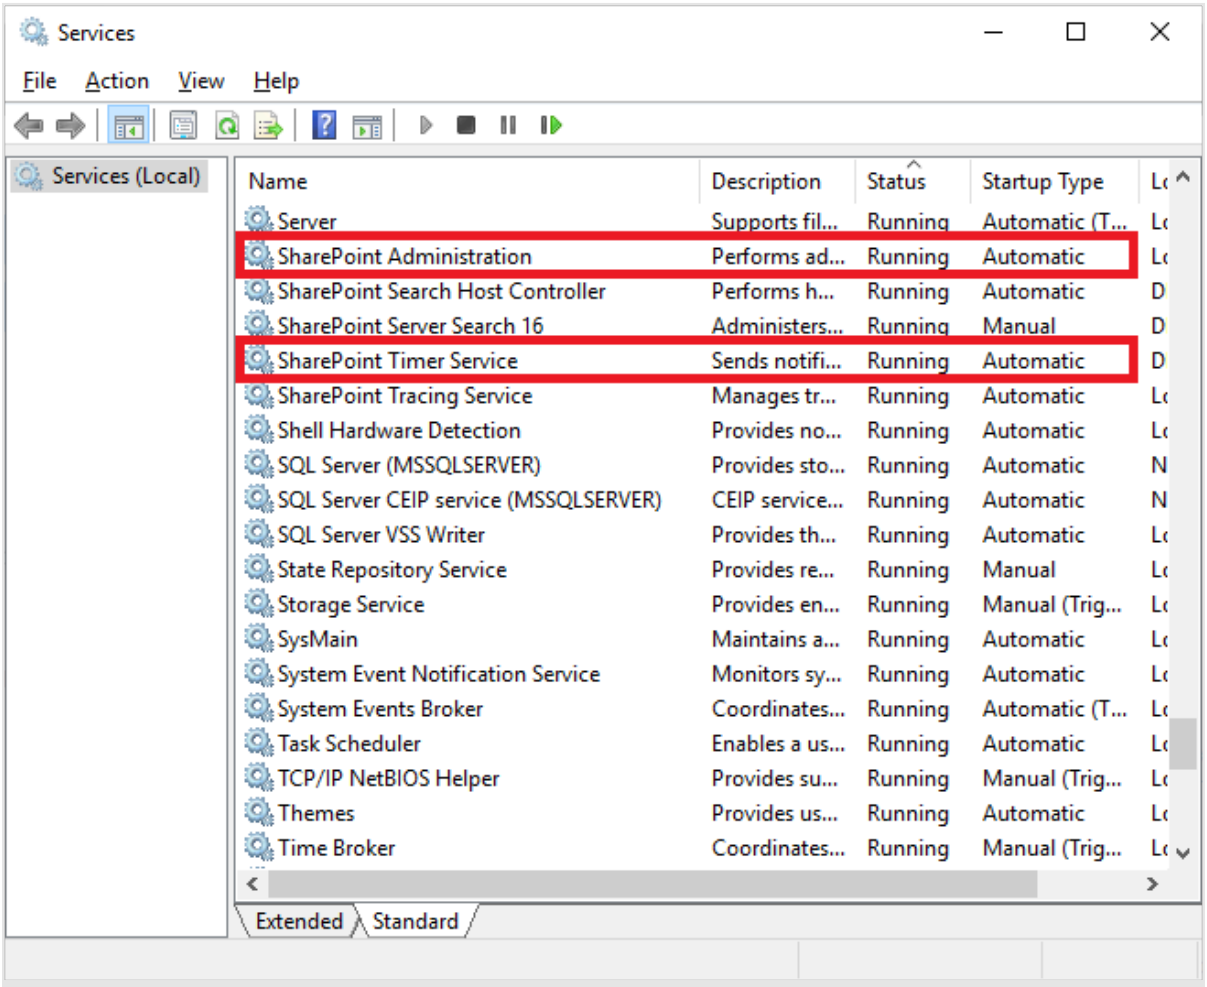
> ⚠ **Warning**
>
> This guide covers the installation of Vitextra **farm solutions** in an on-premises environment (SharePoint Server). For cloud-based solutions for Microsoft 365 (**SharePoint Online**, **Microsoft Teams**), see the Installing Cloud-based Product article instead.

Prerequisites

SharePoint Services

Before you begin, make sure these services are running on the SharePoint Server:

- SharePoint Administration
- SharePoint Timer Service



Services running on the server

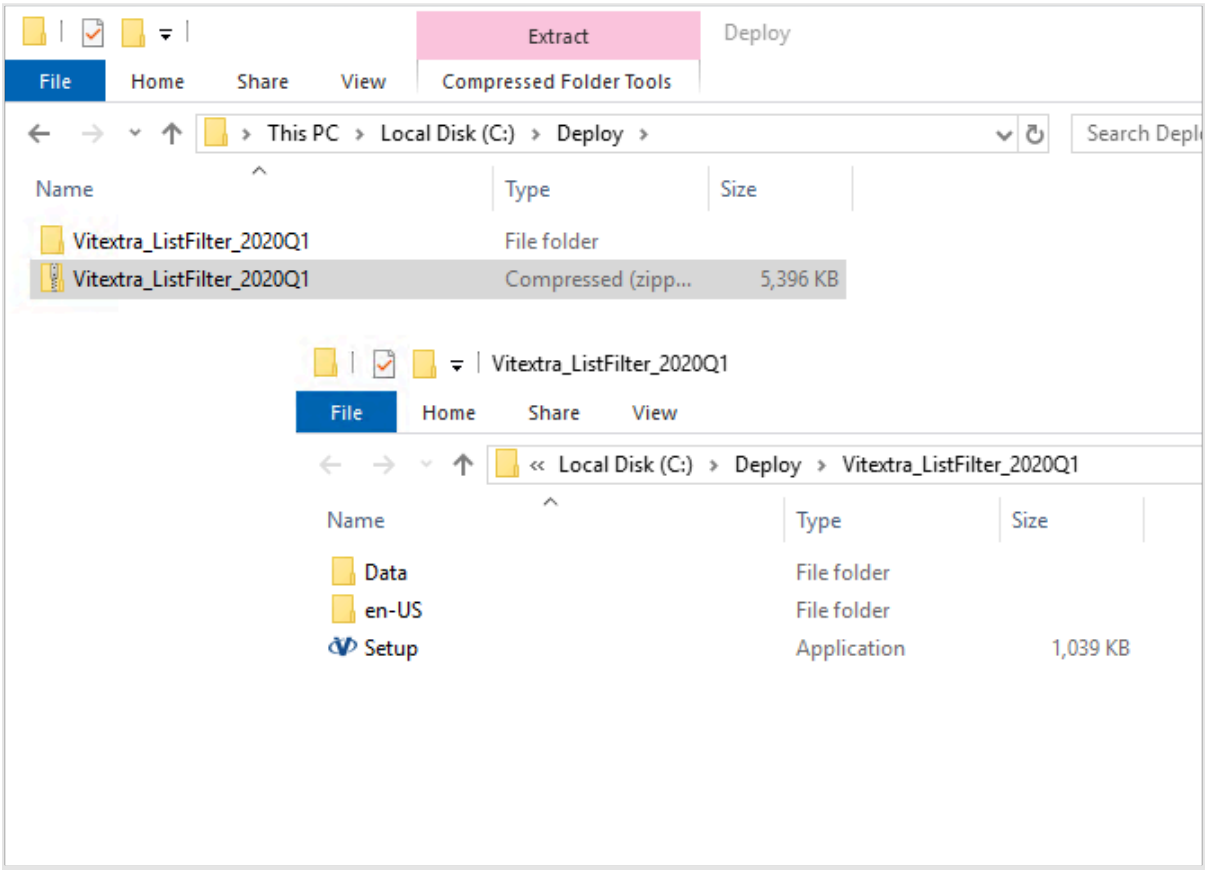
Required Permissions

To perform the installation, you need the following permissions:

- Membership in the local server's **Administrators** group.
- Membership in the **Farm Administrators** group.

Installation Package

Download the product's ZIP file (*.zip) from the downloads page and extract it on the SharePoint front-end server where you'll run the installation.



Extracted installation package

⚠ Warning

Do not install Vitextra .wsp files directly with PowerShell or STSADM.

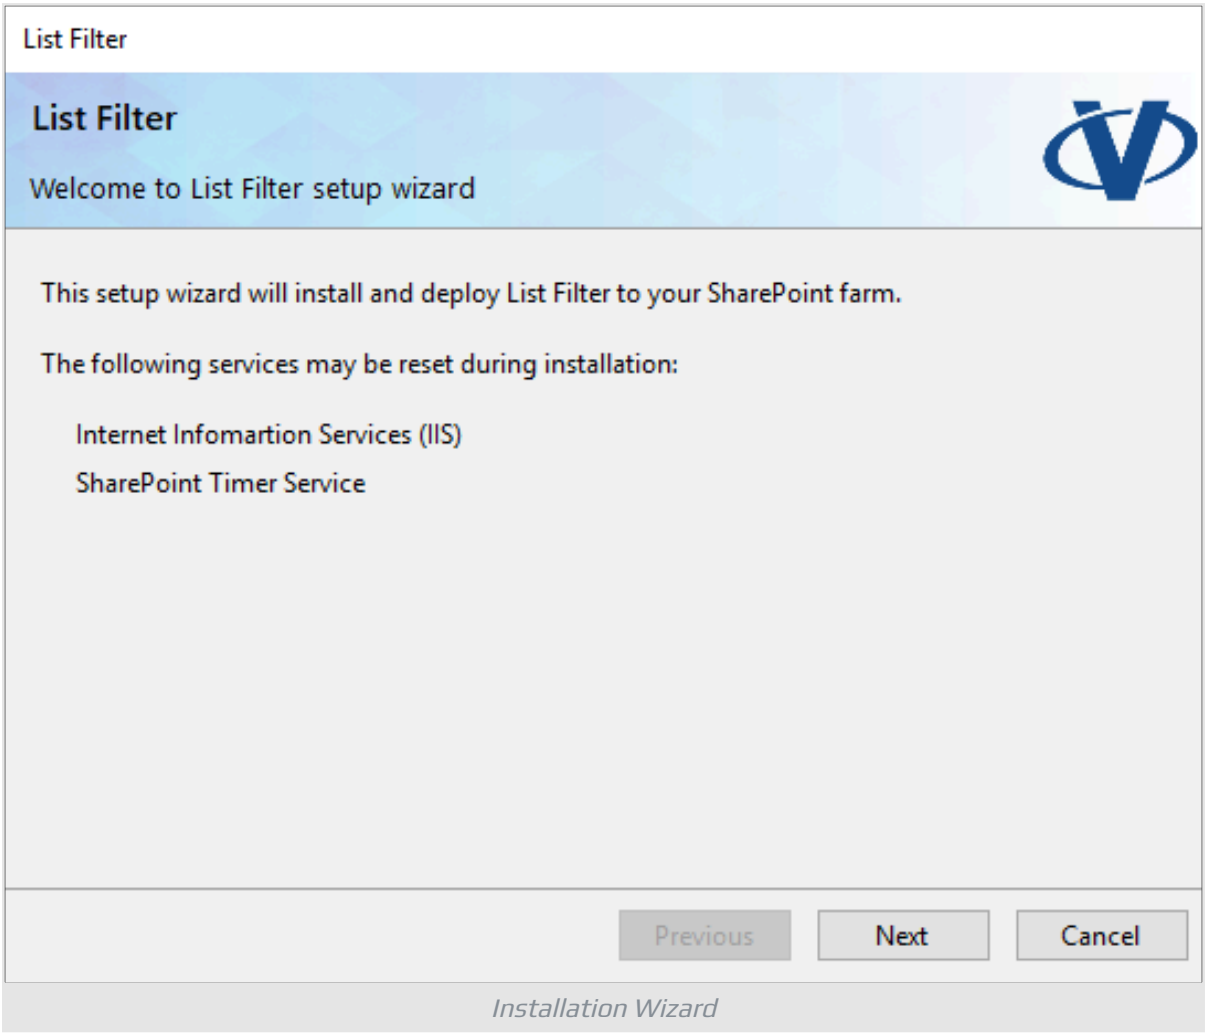
Installation

Open the folder with the extracted installation package and run **Setup.exe**.

Note

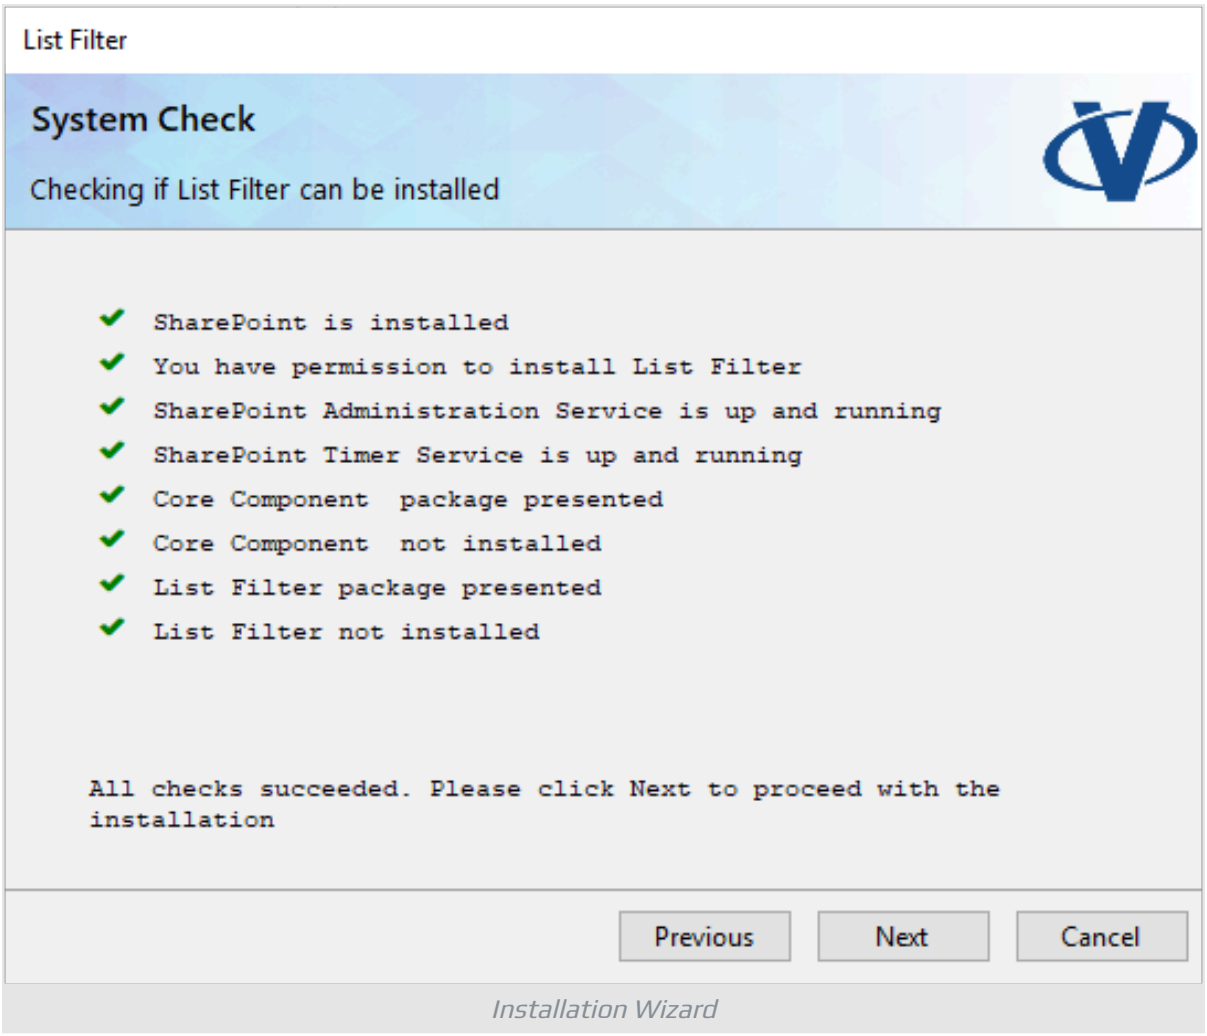
If the setup file doesn't run, right-click **Setup.exe** and select *Run as administrator*.

The installation wizard appears, as shown below:



Installation Wizard

Click **Next** to start the system check, which verifies that the server meets all requirements for installing the product. When the check finishes, click **Next**.

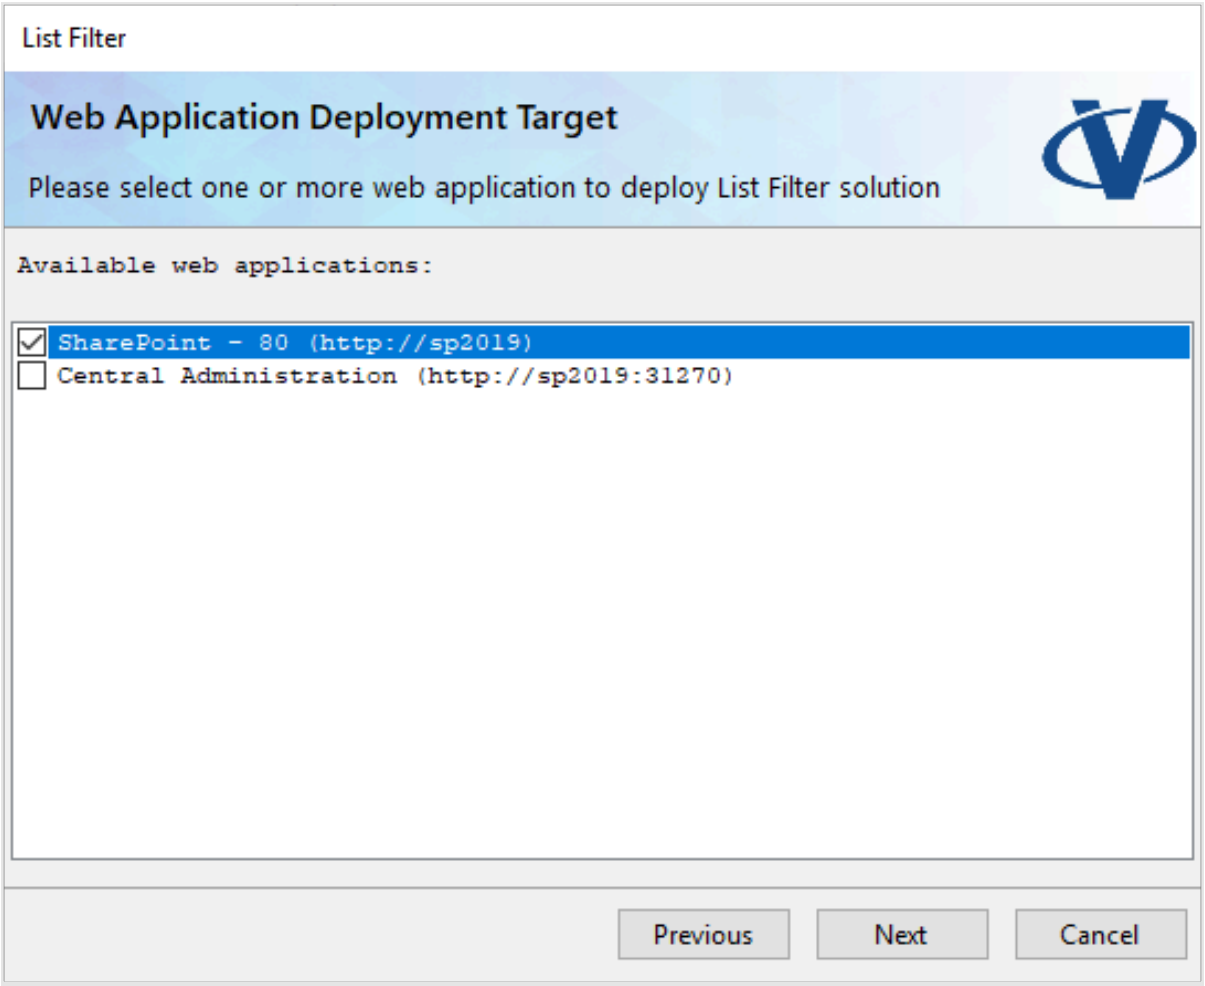


Installation Wizard

Review and accept the End-User License Agreement, then click **Next**.

Installation Wizard

Under **Web Application Deployment Targets**, select the web applications where you want to install the product and click **Next**.

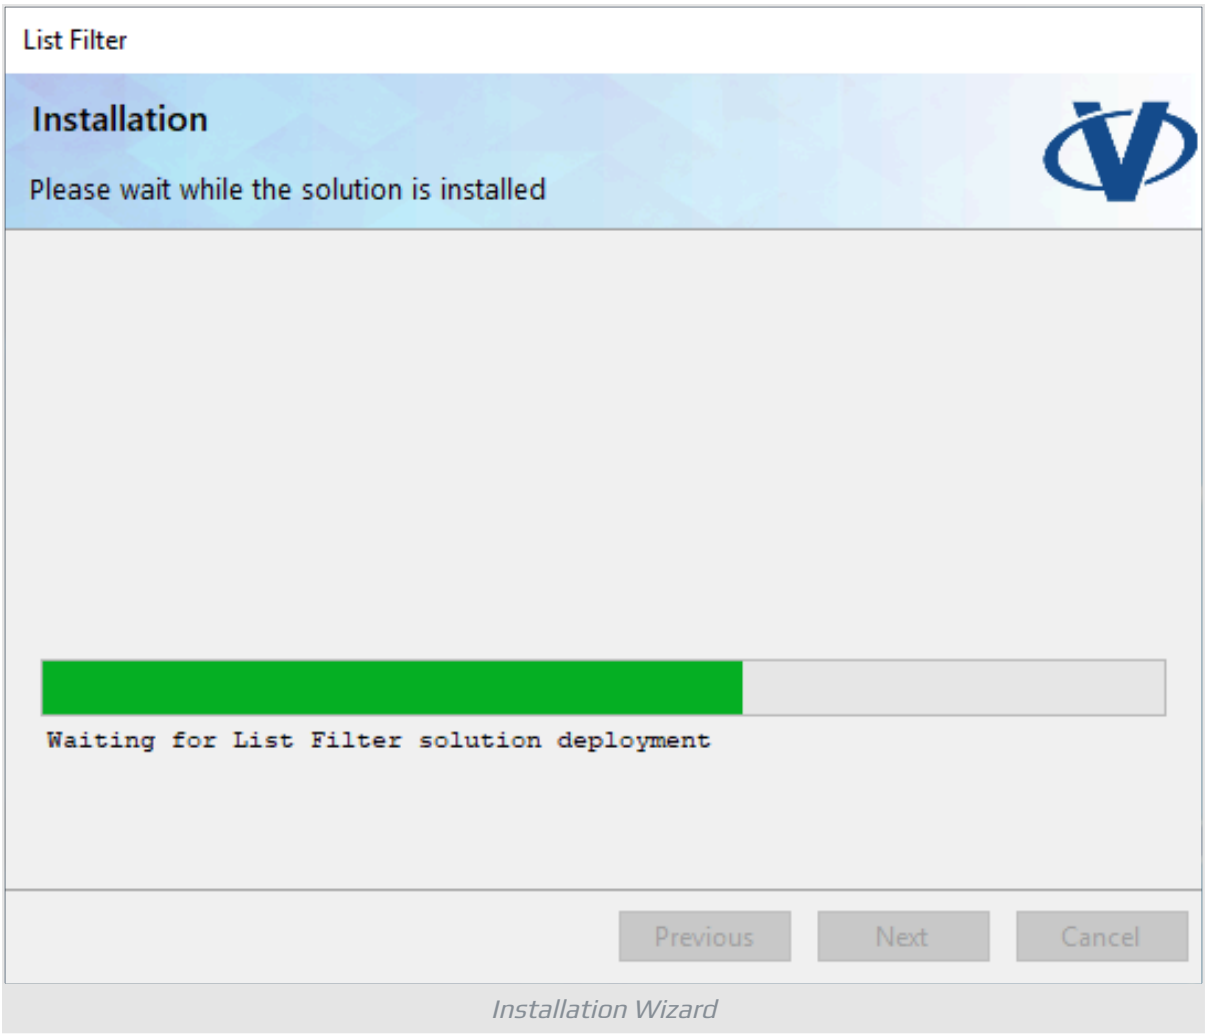


Installation Wizard

Note

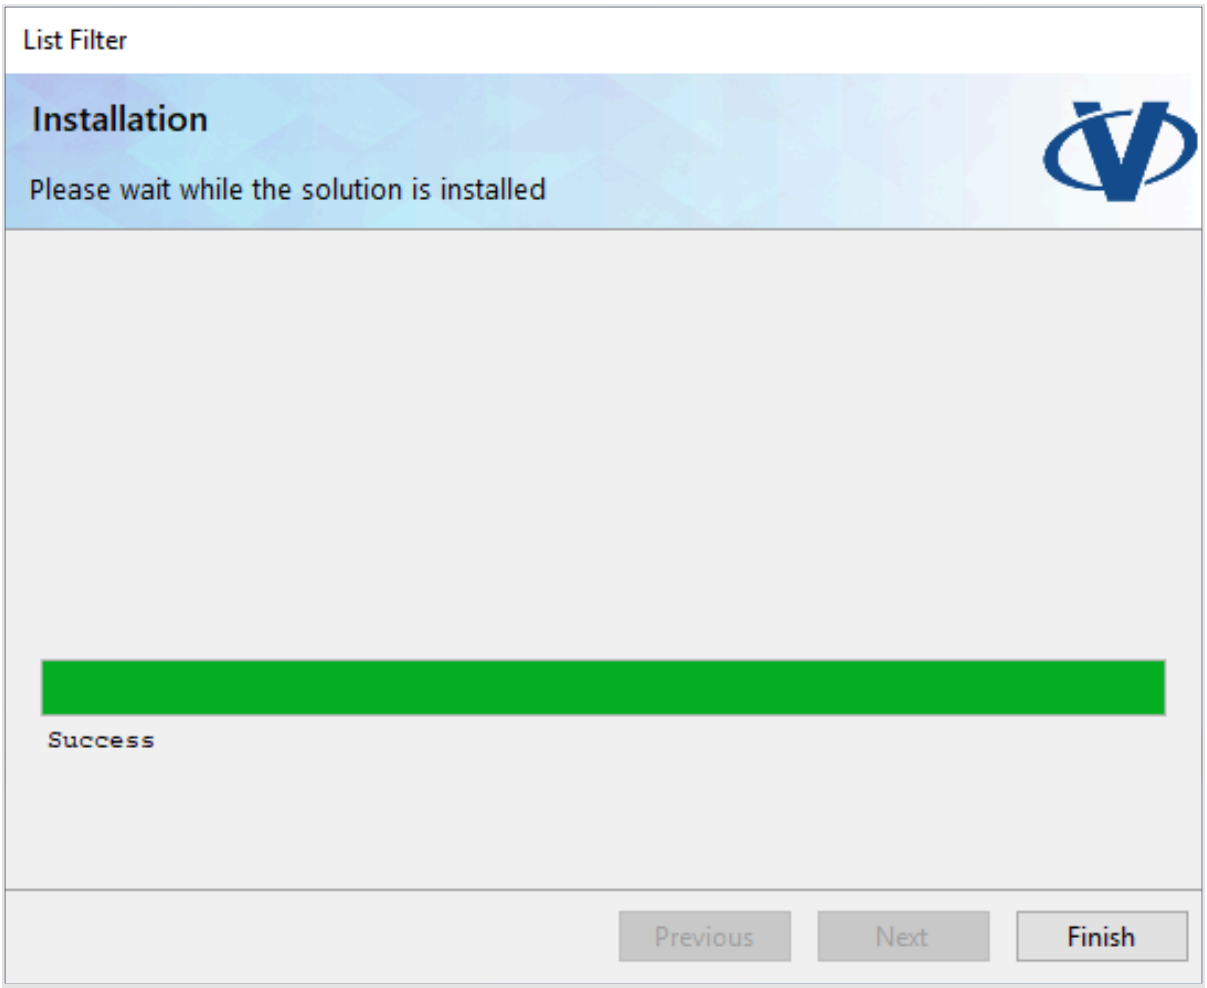
The Web Application selection screen may be skipped if the product contains no Web Application-scoped resources.

Wait while the product is installed.



Installation Wizard

When the installation is complete, click **Finish** to close the wizard.



Installation Wizard

Terms

Farm Solution
Farm solution is a package that can be deployed to an on-premise SharePoint Farm. Farm solution has full access to system resources and other sites on the farm.

Microsoft Teams
A chat-based collaboration platform for business communications with useful features for online meetings, live events, document sharing.

SharePoint Online
Cloud version of SharePoint, a web-based collaborative platform within Microsoft 365 provides an extensive range of capabilities to store, share, and manage digital information, content, and knowledge of an organization.
