Disclaimer

The information contained in the Document is for general information purposes only.

The Company assumes no responsibility for errors or omissions in the contents of the Document.

In no event shall the Company be liable for any special, direct, indirect, consequential, or incidental damages or any damages whatsoever, whether in an action of contract, negligence, or other torts, arising out of or in connection with the use of the contents of the Document. The Company reserves the right to make additions, deletions, or modifications to the contents in the Document at any time without prior notice.

Errors and Omissions Disclaimer

The information given by the Document is for general guidance on matters of interest only. Therefore, errors can occur even if the Company takes every precaution to ensure that the Document's content is current and accurate. Plus, given the changing nature of laws, rules, and regulations, there may be delays, omissions, or inaccuracies in the information contained in the Document.

The Company is not responsible for any errors or omissions, or for the results obtained from the use of this information.

Fair Use Disclaimer

The Company may use copyrighted material that the copyright owner has not explicitly authorized. The Company is making such material available for criticism, comment, news reporting, teaching, scholarship, or research.

The Company believes this constitutes a "fair use" of any such copyrighted material as provided for in section 107 of the United States Copyright law.

If You wish to use copyrighted material from the Document for your own purposes that go beyond fair use, You must obtain permission from the copyright owner.

"Use at Your Own Risk" Disclaimer

All information in the Document is provided "as is", with no guarantee of completeness, accuracy, timeliness or of the results obtained from the use of this information, and without warranty of any kind, express or implied, including, but not limited to warranties of performance, merchantability and fitness for a particular purpose.

The Company will not be liable to You or anyone else for any decision made or action taken in reliance on the information given by the Service or for any consequential, special or similar damages, even if advised of the possibility of such damages.

Table Of Contents

This article describes how to create Tile Navigation for your site with Vitextra Smart Tiles App.

Introduction

Vitextra Smart Tiles allows building custom tiles navigation panel. Each tile has Title, Icon, and Navigation URL properties to suit your needs.
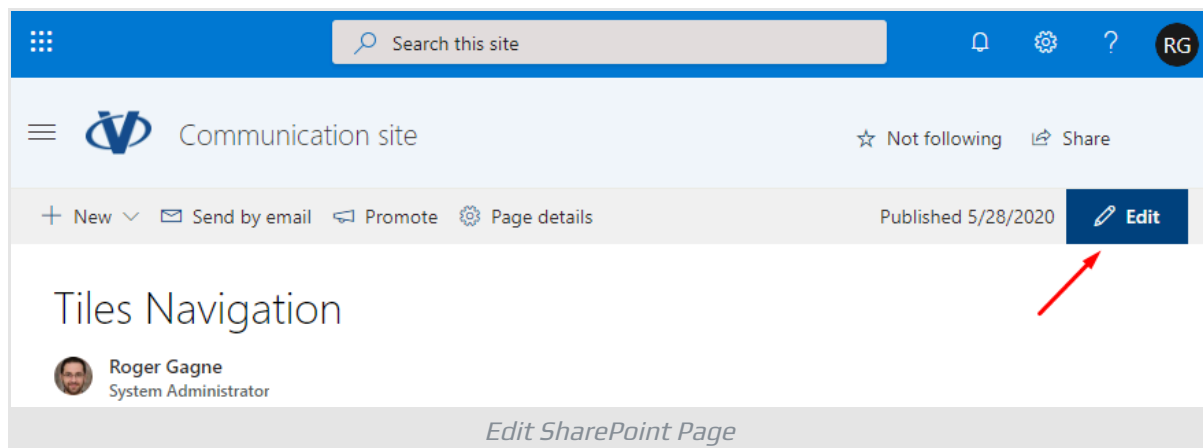

This article describes how to add Smart Tiles Web Part to the page and configure it.

> 📝 **Note**
>
> Smart Tiles does not support the classic page. Use it only with the new Modern UI.

Add Smart Tiles to the Page

Open the page where you want to add the Tiles Navigation pane in edit mode.

Edit SharePoint Page

> 💡 **Tip**
>
> Smart Tiles can be placed on the full-width section. Use this feature to make the most of the browser area on a wide display.

Add a Section (Optional)

To use Smart Tiles in full-width mode make sure you have added a full-width column on the page.
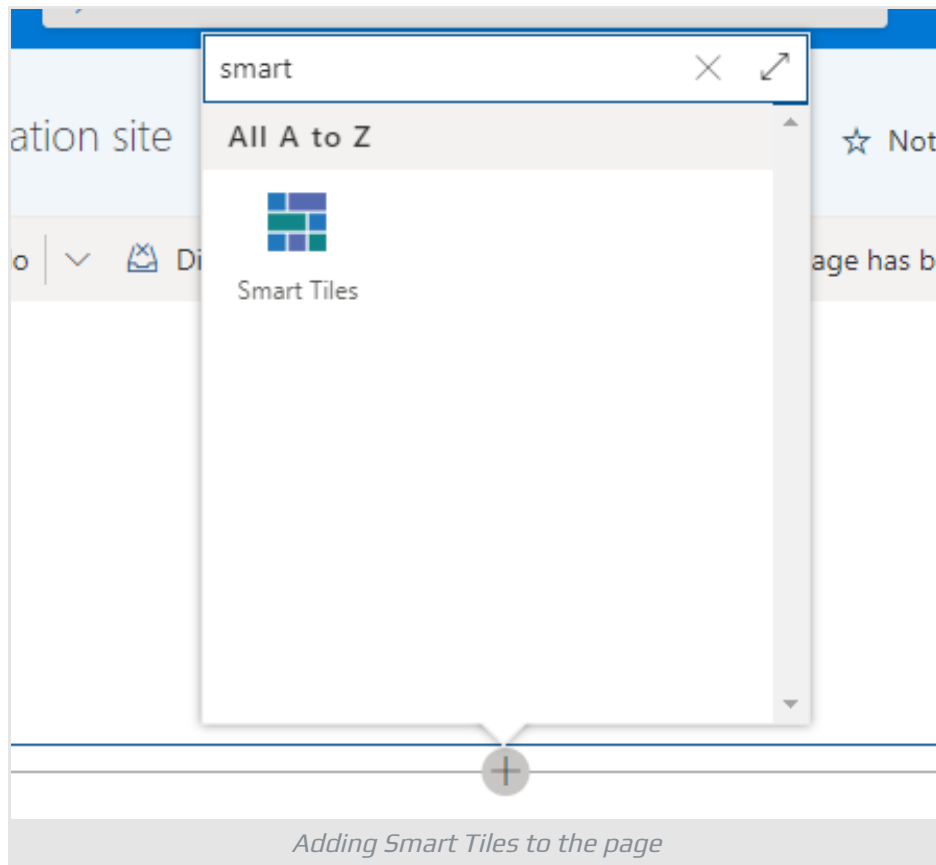

Adding full-width column to the page

Add the Web Part

In case you use a full-width column all available Web Parts are presented in the section. Go to **Smart Tiles** to add the web part:

Adding Smart Tiles to the full-width section

If you need to add the web part to the regular section click the plus icon, type in *smart* or *tiles* to filter the list and select **Smart Tiles**:
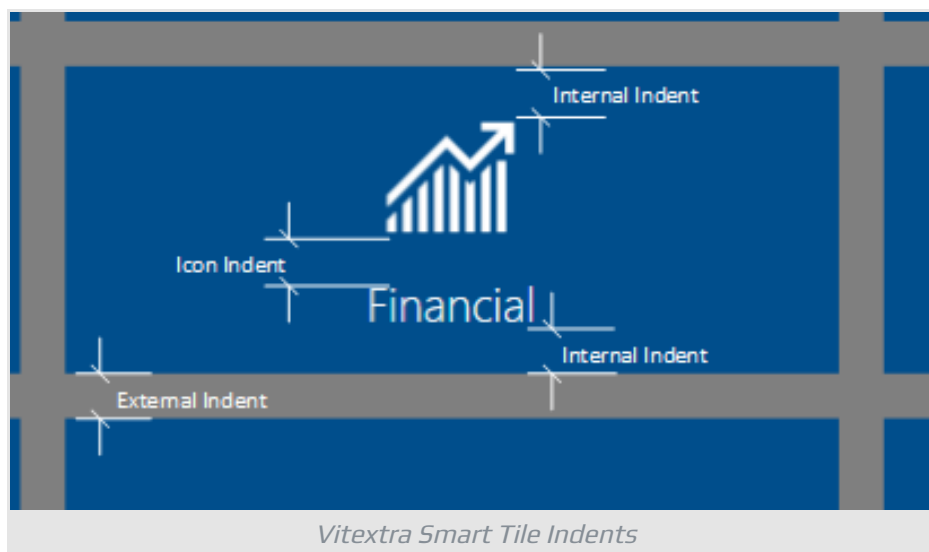

Adding Smart Tiles to the page

Configure the Web Part

Once the web part is added to the page you can configure it with the configuration pane.

Appearance Settings

Smart Tiles web part provides a set of parameters for configuring the appearance of tiles:

- **Font Size**. Size of tile caption. Can be in the range from 13px to 42px.
- **Icon Size**. Size of tile icon. The minimum value is 2em, maximum - 5em.
- **Internal Indent** - tile padding in pixels.
- **Icon Ident** - icon bottom margin in pixels.
- **External Indent** - tile margin in pixels.

Vitextra Smart Tile Indents

Tiles

To manage tiles go to **Configure** under Tiles heading in the web part configuration pane.

Tile properties described in the following table

Property	Description
Caption	Title of the tile. Always displayed in one line.
URL	Hyperlink of the tile.
Color	Color of the tile. May be set to the current theme accent color or one of predefined colors.
Size	Vertical size of the tile. Based on 12-column responsive grid.
Icon	Fluent Icon. List of all available icons:
Open	What happens when a tile is clicked. The available options are: *in the same window*, *in a new window*

Additional Settings

Additionally, you can select the color of the text and icon. Text may always be black or white. If none of these parameters is selected the color depends on the tile color.
