Introduction

Vitextra Smart Tiles allows building custom tiles navigation panel. Each tile has a Color option to manage the color of the tile.

This article describes the available colors of tiles.

Accent Colors

You can choose one of six accent colors defined by the site theme where the web part is located.

Note

Some SharePoint Sites do not provide a list of accent colors. In this case, the current theme accent color will be used.

Predefined Colors

Also, you can use predefined colors for each tile.
